JULY 2014 LET ME TELL YOU ABOUT KENIA... Kenia is an eighteen year old girl from the Wounaan tribe that lives near us and has been coming to church ever since she was born. She is the youngest of the seven children and her father is the chief of the village who lives up the river near Gamboa.

She has recently completed the Panama public high school and is seeking to follow the Lord's direction for her life. When she learned about the upcoming Discipleship Training School sponsored by Youth With A Mission, she and her father sought our approval and direction to apply for this five month program right here in Panama.

This is a big decision and it is a good decision. Here is why. Several of her family and relative members have been involved in our church over the years. Some have made decisions to follow Christ and were baptized. But when they grew as teenagers several turned their backs on the Lord and made bad choices which have grieved their parents. It is not easy for young people from the Indigenous tribes to find an opportunity to make their way into the greater society of Panama. She to be trained to serve the Lord and then wants to be in the police force when she finishes the DTS.

So after Kenia made this good decision on her own, we wanted to do what we could to support her. The five month program costs \$600 a month which totals for \$3000. Our church members and some of the Wounaan family will give \$1000. So we are sharing this opportunity for you to help Kenia be trained to be a leader for Christ for the balance of the \$2000 needed. (You can find out information about YWAM on the link of our web at the top of the letter)

This is what it can look like. A little over 125 people will receive this newsletter. If just fifty people send \$40 each, that would easily make the \$2000! That would be great. Any additional funds that we receive will be used to help others in the Discipleship Training School program. I will give an update in the next newsletter.

Thank you so much for your regular prayer and support to the mission here.

Thank you also for praying for the pained pinched nerve that Ann suffered in her back. We have found a doctor that has helped relieve the pain with medication. We continue to pray for a miracle and total healing. Thanks so much.
