MAY 2014 THAT VOICE! Edwin, a businessman and his partner, were cleaning up the remains of the events of a program by the river near the Gamboa Hotel. When he saw me walking along with my best dog in the world, he asked me if I lived around here.

I shared with him that we have lived here thirty-eight years. Then he stopped and walked closer to me. "Are you Bill? I know that voice! I listen every morning to your program while I am riding through the traffic."

Well, we both had a lot to share, especially when I found out that he is also a pastor. He plans to come to my office so we can make a radio program of his testimony.

Edwin told me a really encouraging experience. One morning while he was driving and listening to the program, he heard the most powerful music. He just began to worship the Lord with tears and chills sensing the presence of God. He had to drive his car off of the road so he could just spend that time with God.

The interesting part is that just a few days ago, I was thinking that maybe I should stop doing the radio programs. Since my stroke in March 2013, I have not really been able to speak much more than short sentences on my programs. I have been using mostly music unless I have someone with whom to do an interview.

Around that time, I also got a phone call. "Pastor Wilbur, I just called to tell you how much I have enjoyed these amazing music programs. Thank you so much. Just don't stop what your programs. This has been a real blessing and I have my radio set to your program each morning."

You can imagine how much this encouraged me. I want you to know that you too should just do what you can do and while you can do it, to live for the Lord. So I am going to keep my radio programs going. You may never know who is listening!

In my case, he said "I know that voice." I am so glad I had something to say that would be a blessing to him. Oh, by the way, as I was walking away, he called, "Hey Pastor, I bet that is the best dog in the world that I heard about on the program."

Thank you for your prayer and support. I never know who is listening to the radio program and I never know when I may meet a listener some place through these days.
