OCTOBER 2012 “Pastor, I listen to your program every day.” I heard my name called as I passed through the hospital lobby. As I turned to see who it was, a retired outboard motor mechanic came to greet me. Rueben told me that even though his English was not so good he liked to listen and especially to the music. He introduced me to his family members and after exchanging a few words, I was on my way super encouraged.

People are listening in “radio land” and I have no idea who they are. I liken it to fishing. I am just casting out the net of God’s good Word and people are responding. Unless I am doing an interview, most of the time I make a program looking at the inside of a recording booth trying to imagine people in their homes getting ready to go about their daily activities and the many who are stuck in slow moving traffic.

I thank you for your prayers for this daily program now on the air for over sixteen years. The two basic ways you can pray are for me when I am making the programs and then for the listeners who many times are just scanning the dial for something interesting.

Recently I had computer problems and was unable to record new programs for a month! So, I had to turn to my archives and retrieve old programs, some which aired seven years ago. On at least three separate occasions people called to tell me how much the program meant to them that day. Little did they know that I had no idea what it was about until they told me. It’s so exciting to see how God can do things like this to build His kingdom.

WE ARE IN A BATTLE...it is a war for the souls of mankind and the building of God’s kingdom. I am sure you are totally aware of the struggle to “do the right thing” when there is so much opposition.

Jesus said (and He knows all things...) that the thief (the devil) comes with one and only one purpose for your life and mine. It is to steal (anything he can like finances, health, relationships, spiritual vitality), kill (as in put to death) and destroy (your soul in hell where he is going). This is serious and his total agenda for you is destruction....and he never takes a weekend off or a vacation.

This is why you feel you are in a struggle so much of the time, it is because you are! BUT JESUS ALSO SAID, “I came that you might have life and have it more abundantly. “Abundantly” means here “more than enough, over and above.” So there is an answer to this mess in the world, and it is not a new political figure with a super plan or some great invention, but it is found in the very Person of the Lord Jesus Christ. JESUS HAS A PLAN AND THE POWER TO PULL IT OFF!

This is the good news that I share on my programs. Through the sacrifice of Christ on the cross for the curse of sin on the world, I can find forgiveness and newness of life. Praise the Lord!

You can listen to these programs of inspiration and music by going to our web listed above and click on radio. Then choose a date. If you don’t like it, just try another, they are all different.
